With panoramic views and French door opening out to the rear patio, the sunroom provides a superb additional reception space that connects the indoors with the garden.

The modern fitted kitchen features a wide range of shaker-style wall and base units, a central island with further storage, and appliances including a dishwasher, range-style cooker and American fridge-freezer are included within the sale. There is a greenhouse, benches, and informal pathways winding through an established planting scheme—perfect for garden enthusiasts or those seeking a peaceful outdoor retreat. The lawned area near the house is ideal for family recreation or summer entertaining.

To the front, a wide tarmac driveway provides ample off-street parking and leads to the integral garage. The front garden is attractively planted with mature shrubs and trees, contributing to the home's kerb appeal and privacy.

Solar Panels

The solar panels are included in the property sale and will result in annual tax-free payments from the government (until 2035) to the home owner (last year's payment was over £2500).
