A stylish composite front door opens into a welcoming entrance hall, where elegant tiled flooring leads the eye to a staircase featuring a beautifully crafted oak balustrade. Just off the hallway is a conveniently located guest cloakroom, complete with tiled flooring, a modern WC, and a pedestal wash basin.

The lounge spans the full depth of the home, offering a bright and spacious setting. A wood-burning stove sits in a charming fireplace recess, creating a cosy focal point. Natural light floods in through a front-facing window and a set of French doors at the rear, which lead out onto the patio and landscaped garden.

Opposite the lounge is a striking open-plan kitchen and dining area. This contemporary space boasts an extensive range of sleek wall and base cabinetry, luxurious quartz work surfaces with coordinating upstands, and a generous central island with matching quartz top and breakfast bar seating. High-end Bosch integrated appliances include a four-burner gas hob with splashback and extractor hood, electric fan oven, microwave, fridge freezer, and dishwasher. Tiled flooring, under-cabinet lighting, and a practical under-stairs storage cupboard enhance the functionality of the room. French doors from the dining area open seamlessly to the garden, perfect for indoor-outdoor living.

Adjoining the kitchen is a well-appointed utility room, fitted with complementary units and worktops, a stainless steel sink with mixer tap, and plumbing for both washing machine and dryer. Tiled

flooring continues through, and there's direct access to the garden via a rear uPVC double-glazed door. The room also houses the wall-mounted gas boiler.

The rear garden benefits from an open aspect, offering beautiful views of the surrounding countryside and rolling hills.

Upstairs, the landing provides access to the loft via a drop-down ladder, with partial boarding offering additional storage potential.

The principal bedroom is generously proportioned and features an en suite shower room with modern finishes, including a fully tiled floor, glazed shower cubicle, stylish basin, WC, and heated towel rail.

Three additional bedrooms provide flexibility, whether for family, guests, or home office use—one of which includes fitted wardrobes and storage. The family bathroom is thoughtfully designed with high-quality fixtures: a bath set within tiled surrounds, a separate walk-in tiled shower with glazed screen, wall-mounted basin, concealed-cistern WC, and a heated chrome towel rail, all complemented by tiled flooring.

Externally, the property includes a neat front garden, outside water tap and a block-paved driveway leading to a single garage, which features an electric door and houses the solar PV system's battery storage. A gated side entrance leads to a private rear garden with a patio area, lawn and outdoor lighting- perfect for enjoying the scenic rural backdrop.
